ANNOTATION:

Our dishes are daily homemade for you.

We set a high value on grown locally, freshness and a balanced offering.

The people in the integrative M10 are working together hand in hand either with or without a handicap to make you feel comfortable. As an integrative corporation we are an economic independent business of the general market. Our goal is to create an attractive domain with development potentialities for humans with handicap.

We prepare our employees with a handicap for their function in the M10 by qualifying measures, professional further education and individual company. They are permanently supported.

Since this is an integrative project some things succeed more individually.

We are always available for wishes, suggestions and reviews.
